

# The Reference Framework for Sustainable Cities

# Meet Ben!

Meet Ben!

Ben is responsible for urban development in his city!

But he is struggling to keep track of everything...

If only he could have some guidance and support...

## Hey, there's the RFSC!

  
The Reference Framework for Sustainable Cities

### A WEB TOOL TO GUIDE CITIES OF ALL SIZES TOWARDS INTEGRATED & SUSTAINABLE URBAN DEVELOPMENT

and localise the UN Sustainable Development Goals (SDGs)

Ben and his team now use a common tool...

to set priorities for their city

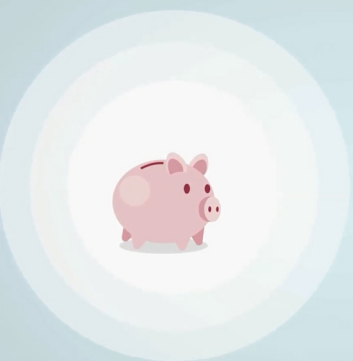

to estimate the impact of planned actions

to monitor progress with indicators

They can also share their projects with others!

and... it's FREE!

Join the RFSC community now!
